

# Leonardo Objects

An exhibition of staff and students' work from MA Fine Art and MA Design, the Faculty of Arts and Creative Industries at the University of Sunderland

This is a mini exhibition of art & design work to accompany the 'Leonardo da Vinci: A Life in Drawing' exhibition at Sunderland Museum & Winter Gardens.

The work responds to what would Leonardo create using the technology and resources available to him in the 21st Century? Re-imagine Leonardo's work 500 years on ... this project is kindly supported by FabLab and the Silver Fund from the University of Sunderland.

## Students

### From MA Fine Art
